1   Introduction

1.1 Overview

This guide will cover the to trade on Alvey Chains own DEX. This does not serve to provide information on projects built on Alvey Chain.

Although screenshots and processes covered in this guide are shown on PC, the processes remain the same on mobile. Please follow the guidance in you MetaMask or TrustWallet browser.

1.1.1 Role and Responsibilities

It is a users responsibility to do your own research (DYOR). Please do not invest more than you are willing to lose.

2   How to add Alvey Chain RPC to MetaMask

2.1 Open your browser

Open your browser and visit https://elvesdex.com this will take you to the Alvey Chain Dex. You will then need to ensure you are connected to the Alvey Chain network. To do this open the metamask extension and select the drop down menu in the top left and select "Alvey Chain".

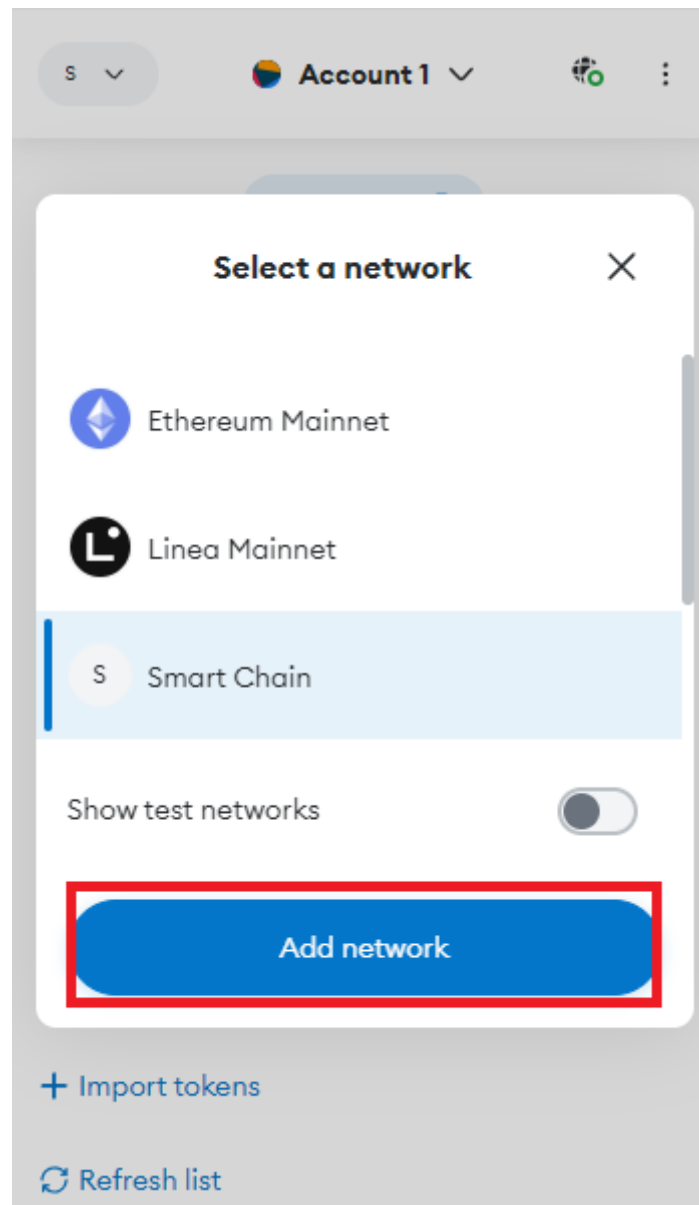

Figure 1: Add Network

Once you have ensured your metamask extension is on the Alvey Chain network, you can then connect your wallet to the DEX. Once connected, you are then able to trade on Alvey Chain.
